**INFORMATION:**

This amendment is proposed to address an ambiguity in the current Planning Ordinance. The intent of the proposed amendment is to clarify that Adult Use Marijuana Cultivation Facilities are not limited to Home Occupations. Note that failure to pass this question will not have the effect of restricting Adult Use Marijuana Cultivation Facilities to Home Occupations. The amendment proposes the following changes to the Planning Ordinance.

Article II: Adds the following definition of Agriculture: “The indoor or outdoor production, keeping or maintenance, for sale or lease, of plants and/or animals, including but not limited to crops, dairy animals, livestock, and ornamental and greenhouse products. “

Article IV: Adds the following provision under the requirements for a Home Occupation: “Agriculture shall be permitted without meeting the criteria for a Home Occupation, but may be subject to Site Plan Review.”

Article XII: Adds the provision that Adult Use Marijuana Cultivation facilities “shall be treated as agriculture...” retaining the current restrictions limiting these facilities to the Rural and General Purpose Districts.
